Gentlemen:

Subject: Draft Environmental Assessment for
East O'ahu Transmission Project 46KV
Phased Project

Please be advised that The Gas Company, LLC, maintains underground utility gas mains in the project vicinity, which serves commercial and residential customers in the area. We would appreciate your consideration during the project planning and design process to minimize any potential conflicts with the existing gas facilities in the project area.

Thank you for the opportunity to comment on the Draft Environmental Assessment. Should there be any questions, or if additional information is desired, please call me at 594-5570.

Sincerely,

The Gas Company, LLC

Charles E. Calvet, P.E.
Manager, Engineering
